Julie sent me an example of the sticker that OPP uses, so kept to that format. Situation/Mission/Execution/Authorities taken from the document Julie sent over. Other content we have socialized already on our wiki page. Missing minor elements highlighted in yellow below.

OTTAWA -- FREEDOM RALLY

SITUATION – The area of operations was originally identified by Ottawa Police Service to be in the downtown core in the area of Parliament Hill in the City of Ottawa. As the trucks arrived on the weekend of the 28th, 29th and 30th of January, operators immediately began flooding the core from multiple directions off the 417. The sheer volume in combination with the multiple options to enter the city made it impossible to fully control their movements. All attempts were made using police resources, heavy barricades and heavy equipment to maintain routes open for emergency response to the residents and businesses as much as possible.

MISSION -- Using an integrated response, the Ottawa Police and policing partners will keep the peace, enforce legislation, and maintain public safety for the duration of the Ottawa Truck Demonstration, with the utmost respect to the individuals Charter of Rights and Freedoms with priority on community and emergency services personnel safety and well-being.

EXECUTION – MAIN ACTION PLAN -- To de-escalate and negotiate the peaceful resolution and demobilization of the truck demonstration. We recognize that there has been significant public pressure to end the demonstration. We are also aware of the high risk, and volatile crowd that officers on the ground are dealing with. I want to remind all officers engaged in and around the demonstration that you have full discretion to take appropriate action on any offences as laid out in various legislation and orders, but when possible consultation with your command would be recommended given the dynamics of the situation we're in.
